Dear Sir or Madam,

I am interested in joining your company as a Graphic Designer.

I have been seeking an opportunity such as this and I think my background and your requirements may be a good match.

As a graphic designer currently working with Mediatrendz, my main responsibilities include taking care of advertising, branding, signage, illustrations and vehicle wrapping. Over the course of my ten-year career, I've developed a relevant skill set to the requested role, from project management to intern tutoring. Overall, I have consistently demonstrated problem-solving, multitasking, and planning abilities in every aspect of my current occupation, so I invite you to review my achievements in the attached résumé.

Migrating to a new country has always been a long desired stepping stone for me. That is why I am planning to permanently relocate to Cyprus for a better, long term career and life choice.

I hope you will agree that I am the type of candidate you are looking for. Please contact me on 9921 6293 or via email on relegaldesigns@gmail.com to arrange for a convenient meeting time. Thank you for your consideration, and I look forward to hear from you soon.

Sincerely,

Ryan Lee Galea
